

Minimising your
business risk
is our **business**

Lycetts
Risk Management Services

Your business compliance. It's a done deal with Lycetts.

From health and safety best practice to regulatory compliance and accident and incident investigations, Lycetts offers you specialist, impartial risk management advice and assistance.

We recognise that no two businesses are alike. Our risk management team provide a bespoke service tailored to your unique circumstances. We can assist you in the identification and mitigation of risks that could adversely affect the operational viability of your business.

Your risk, well managed

We will work closely with you to fully understand your business risks in order to produce a targeted risk reduction strategy and a prioritised action plan. Our Risk Managers offer practical, hands-on advice and support. We have developed experience in a wide variety of industry sectors including, farming, landed estates and numerous commercial sectors including heavy engineering workshops, hospitality and catering, transport and logistics and the care sector.

Our services

- Nationally accredited health and safety training courses (IOSH).
- Competent health and safety “Appointed Person”.
- Health and safety consultancy services.
- Asbestos & Legionella management surveys and advice.
- Health and safety policies and management systems.
- Accident and incident investigations.
- Health and safety audits and inspections (OHSAS 18001 & ISO 45001).
- Contractor vetting.
- Risk assessments.

Benefits of risk management in brief

Legal obligations

- Compliance with complex and evolving health and safety legislation.
- Avoid investigations and possible prosecutions by the Enforcing Authorities which could lead to fines and imprisonment.

Financial implications

- Reduce downtime and loss of plant or equipment.
- Protect business reputation and prevent brand damage.
- Minimise business interruption.
- Protection against increased insurance costs.

Moral responsibility

- Responsibility to staff and their families.
- Duty of care to visitors, customers and contractors.

Setting standards in workplace health and safety

For many organisations, an internal Health and Safety Adviser is simply not a financially viable option. The costs associated with employing full time health and safety staff can be too onerous for many businesses.

Lycetts Risk Management Services can be appointed as your “Competent Health and Safety Adviser” demonstrating your commitment to compliance with health and safety regulations.

Lycetts Competent Safety Adviser Service

Our service provides you with a dedicated professional Health and Safety Adviser who will become your trusted partner in all health and safety matters. Our advisers are fully qualified health and safety professionals with extensive practical experience.

Our comprehensive service includes:

- **Site visit** - a thorough site review to obtain information about your existing health and safety arrangements including an in-depth site health and safety audit.
- **Action plan** - a prioritised plan outlining any areas of non-compliance along with a recommended course of action.
- **Safety policy** - we will provide you with a legally compliant health and safety policy and associated record keeping formats.
- **Support** - ongoing telephone support and advice during business hours.
- **Legislation updates** - ongoing horizon scanning service to identify emerging or changing legislation enabling you to plan for its implementation.
- **Continuous improvement** - we will revisit you every 6 months to undertake a site inspection and assess progress.
- **Updates** - informative newsletters and web based "Insights".

Why appoint a Competent Safety Adviser?

The Management of Health and Safety at Work Regulations require that employers shall appoint a "Competent Person" to assist them in complying with their statutory health and safety responsibilities.

Benefits in brief

Our Competent Safety Adviser Service is designed for businesses that do not have access to in-house risk management advice. For a fixed annual cost you will:

- have access to a qualified Health and Safety Adviser with ongoing advice and assistance.
- demonstrate your commitment to health and safety.
- have a prioritised action plan to achieve closer compliance with the law.
- be a safer place to work for your staff, contractors and visitors.
